Neighbors’, Elected Officials and Candidates Comments:

Chief Buck, The Woodlands Fire Department gave a report on the services provided and status of the department. The Woodlands Fire Department saw a decrease in the number of calls for the first time in 20 years and actually had to put out public service notices notifying citizens that they can call for service during the pandemic. Service calls have increased over the end of the year but now seeing sicker people due to delays before calling for service. The township will be implementing a new testing center in Creekside Park and are now looking at a mass vaccination site in the early spring.

Richard Stromatt gave a presentation on MUD 60 and the recent failure of piping along one of the pump station requiring the replacement of over 400 feet of pipe.

Secretary’s Report: December meeting minutes were approved.

Treasurer’s Report: Tom Brown provided the report. ISVA was awarded \$750 for the pollinators program and \$400 for the 3R Bazaar. The website domain is expiring and Tom contacted Dan Lewis and he will handle. The board decided that the amount of scholarships will remain at \$1,000 per scholarship.

The Woodlands Township: Julie Quinn distributed The Woodlands Township list of events and recommended that we select the date in October for Taste of the Village before schedule fills up. Arbor Day is Jan 23 with a drive-through service. Neighborhood services is promoting the address marking kits and have a loaner program for engraving machines through operation ID.
